***Competitive Fee								

***Subsidized Fee Income Range:** Subsidized means “paid for” or “financially supported”. In this case, the California Department of Education has contracted North Marin Community Services to provide income eligible families help paying for childcare, depending on the families need (work schedule, school schedule, etc...). Your family’s income must fall in to this range based on family size in order to qualify.

****Discounted Fee Income Range:** North Marin Community Services offers a discount on childcare rates for those who qualify in this range based on family income and size. These discounts are based on the HUD income limits for Marin County. The NMCS discount amount is \$350/mo for children in the Preschool classroom, and \$225/mo for children in the Kindergarten, Elementary and Middle School classrooms (max 2 children/family). This discount cannot be combined with other NMCS childcare discounts. The number of discounts available are dependent on funding availability; discounts are subject to change.

*****Competitive Fee Income Range:** North Marin Community Services offers competitive rates to our childcare families in comparison to other childcare options available throughout Novato. We strive to provide excellent licensed childcare at affordable rates for the community.

“Summer Enrollment Interest Forms” are accepted/held on wait list from **April 1st** through **June 30th** for **Summer only**
 “School Year Enrollment Interest Forms” are accepted/held on wait list from **July 1st** through **March 31st** for **School Year only**
Enrollment Interest Forms for Preschool are valid for one year.
